
Take Action for Water Rights!

There are many ways you can take action on water rights issues:

- **Tell a Friend** – Let others know what you learned!
- **Organize a WATER FRONT Screening** – For groups interested in hosting a screening for The Water Front, send an e-mail to elizabeth.miller@sympatico.ca. Also, check out the <http://waterfrontmovie.com> for more resources.

- **Break the Bottled Water Habit** – a college and university campaign to kick out the sale of bottled water on campus!
- **Bring Water Debates Into Your Classroom** – Elementary, high school and college students can look at water conservation, environmental justice, and the right to water as part of a project or course!
- **Protect Clean Water** – Ask your local officials to stop water pollution.
- **Ask Questions About Water In Your Community** – Find out about the source of your water, and how your water system operates.
- **Organize a Lake Clean Up Day** - Organize a group of people in your community to clean the lakes around your area.
- **Create a YouTube Video** testimony on water shut-offs and water privatization.
- **Attend WEAP's monthly Teach-In & Dialogues** - Health Care is an Economic Human Right!!!

For more information on water rights and health care as a human right, please visit these websites:
