Our Mission

The Women's Economic Agenda Project demands economic justice for poor women and their families. WEAP envisions a world in which all women and their families have the skills, shelter, and nourishment they need to enjoy happy, healthy, and productive lives. WEAP assists poor women to achieve a livable wage by providing technical training, emotional support, and linkage to resources. WEAP recognizes that the policies that affect the poorest of our sisters affects all people. WEAP works to change societal and governmental policies that relegate women to the bottom of the economic pyramid.

Thank you for your time; your assistance is invaluable!
